To whom it may concern

Confirmation letter: Registered student at Belgium Campus

Belgium Campus iTiversity confirms that Tseko Khotso Molefe (id no. 970121 5518 089) is a registered student for the 2022 academic year and is enrolled for the 3rd year of the Diploma of Information qualification (NQF level 6).

Tseko has successfully completed the second academic year and can continue with the third and final year of this qualification. He has never presented any disciplinary problems during this time, and I have received highly positive feedback regarding his work ethic and ability from faculty members.

In order to complete his studies, he needs to perform an in-service training year. During this final year (2022) Mr Molefe is required to complete 12 months of in-service training at an IT company to fulfil the requirements for experiential learning that form part of the qualification.

Your consideration in this regard will be highly appreciated.

If I may be of assistance with any additional information, please do not hesitate to contact me on kritzinger.t@belgiumcampus.ac.za

Yours sincerely

Theodorus C Kritzinger
